21127681	Lê Mỹ Khánh Quỳnh	lmkquynh21@clc.fitus.edu.vn

1. Meeting Information

Date:

Time: 12:30 pm - 13:00 pm

Location: Online meeting via Zoom

Attendees: 04/04

ID	Name
21127291	Nguyễn Quỳnh Hương
21127483	Nguyễn Ngọc Vũ
21127507	Đinh Công Huy Hoàng
21127681	Lê Mỹ Khánh Quỳnh

2. Agenda

- Discuss the process of the current sprint (what went well, and what went wrong).
- Discuss problems that happened and what caused them.
- Discuss the expectations for the next sprint.
- Discuss the lessons learned from the current sprint.

3. Meeting Details

3.1 Current sprint process

3.1.1 *What went well*

- Successfully finalizing the project's test plan document.
- Achieving the completion of the connection between the front-end and back-end systems, ensuring seamless access to the database for the essential features.
- Efficiently developing exhaustive test cases for the application, covering both front-end and back-end functionalities.
- Effectively addressing and resolving identified bugs within the system.

1.1 Identify and estimate sprint work items

3.1.2 *What went wrong*

- None

3.2 Current sprint issues

- None

3.3 Expectations for next sprint

- This marks the concluding sprint of the project, and it is crucial to continue refining the product for the project presentation.

3.4 Lessons learned from this sprint

- Gained insights into the step-by-step process of product development, from conception to execution. Understood the importance of each stage and how they contributed to the overall success of the project.
- Learned effective teamwork strategies, emphasizing collaboration and communication among team members. Recognized the value of each team member's contribution and fostered a positive working

- environment to enhance productivity.
- Acquired knowledge on testing methodologies and best practices for ensuring product quality before deployment. Understood the significance of thorough testing in identifying and addressing potential issues, ultimately leading to a more robust and reliable end product.
